MEMORANDUM FOR: Director of Communications

SUBJECT : Support System Study

1. As you know, we have formed a task force which has been working for several months on the analysis and design of data processing and management information producing systems in the Support Directorate. Each of the Support Offices has detailed some number of personnel varying from one to six to participate in the study in the areas of financial, human, and materiel resources.

2. We have reached the point in the study of the Materiel Resources Subsystem where I believe it would be mutually advantageous to have participation by a representative from the Office of Communications. Would you, therefore, designate someone to represent the Office of Communications as a full-time participant in the conduct of this system analysis and design effort.

SIGNED Alan M. Warfield

Alan M. Warfield
Acting Deputy Director
for Support
